

## Northern California Grantmakers Non-Solicitation Policy

### Non-Member Participation Guidelines

NCG is pleased to invite representatives of the nonprofit community to some events, but asks those who attend to adhere strictly to our policy of **non-solicitation**. Accordingly, potential grantseekers are **prohibited from engaging in ANY fundraising** at NCG functions. Although permitted to talk about their organization's work in the context of the day's conversation, nonprofit representatives are precluded from making a "pitch" to an individual grantmaker or the group as a whole. Nonprofit organizations may exchange business cards with grantmakers, but are asked not to present proposals during or after the event unless explicitly requested by a grantmaker. Invited nonprofit representatives who violate this policy may be excluded from future NCG events.
